Mr. Murdstone

Mr. Murdstone was an austere, arrogant, and selfish man. His firmness and cruelty employed the most drastic punishment for the slightest offense. His flattering speech easily influenced the timid and thus he became a powerful dictator of his family. According to Mr. Murdstone, everyone was to bend to his will and nobody else was to be firm, at least not so firm as he.

By taking advantage of others, he obtained a sum of money which enabled him to live well and to live an easy life until his deceitful practices brought him into trouble.

"The Good Old Days"

"It was way back in 1946," began Grandpa, as he started off on his routine line about his happy days at South School. "It was way back in '46. The first big event was the all school play, 'Professor, how could you!'. Then we all looked pretty for the man with the black box—I sure took a good picture that year. Quite a handsome chap, then.

Going all out, as usual, South came through with 100% membership in the Junior Red Cross. The Red Cross Charity Swing was quite an affair, too, but it had nothing on the Black Cat Hop. Then there was the Hallowe'en Assembly with prizes for the costumes most typical of Hallowe'en, the neatest, most unusual, and the funniest. The cheer leaders were chosen then too.

ACTIVITIES

That was the year that the Girls' Volleyball team stepped a bit and only took a co-championship. With North, it was. The boys didn't take any championships that year, but after all they'd been taken the year before, we couldn't complain.

It was quite a year for vacations, it was—not only the regular Christmas vacation, but on February 26-28 the big snowstorm stopped school. Quite a storm, that was. Nothing like the little frosts you have nowadays. In the Christmas programs that year, elementary did a fine job by presenting the Christmas story for us.

Lieutenant James C. Whittaker, of the Rickenbacker party, gave a talk based on his book, 'We Thought We Heard The Angels Sing.' Three other professional assemblies made good listening and seeing. There was an impressive Lincoln Day Assembly also.

As always, the biggest event in the year was the Spendless and Seemore Circus. Queen Pat ruled that year—quite a looker she was.

Of course, we had a track meet and baseball games.

The 9A play, 'Spring Fever', gave everyone a hilarious time.

The vocal and instrumental concerts came off fine, and the 9A Banquet honored the outgoing class. The year's activities closed with a 9A assembly and an honor assembly. We collected our cards, said good-bye to everybody, happy with three months' vacation ahead of us. (In three weeks most of us were ready to go back).

Yes, sir, son, those were the good old days!

Cheer Leaders

Jeanne Galley, Sponsor

Too bad we don't have some cheerleaders to root for our cheerleaders for the fine job they did this year. This year's squad is the largest South has ever had; five girls and two boys make up the group. They are Jackie Reichle, Jackie Lake, Marilyn Bain, Lois Miller, Ann Young, captain, Royal Burnell and Bob McGee. The whole squad worked at the home games and two representatives were sent alternately to games played away from home.

Journalism

June Roethke, Sponsor

During the first semester, the writing of the S-I-S B o o m was done after school hours as an outside activity. A meeting was held every Monday night to get assignments for the following w e e k. Staff members included: Harold Avery, Gwen Evans, Janice Hackett, and Maryon Zorn.

Marionette Club

Susan Zubler, Sopnsor

Members of the Marionette Club were very busy this year, working noons and nights, to get "K i n g Winter's Magic Star" ready for production in April.

Pupils taking part included Jack Schnarr, J a n i c e Hackett, Marjorie Campbell, Pat Jahns, Lorraine Avery, Arthur Ebach, Robert Wodarak, Paul Baker, Bill Meloney, Roland Trogan, Leila Specht, Rosemary Wood, Jeanne Ittner, Mary Ann Ingraham, Ruth Ann Haist, and Peter Meloney.

Monitor Staff

Katherine Kelly, Sponsor

The monitors for 1945-46 have done a fine job keeping order in our halls.

In order to receive an "S" pin, a monitor must serve one hour a day for ten consecutive weeks, and have a "B" average in both citizenship and scholarship.

The Science Club

Otto Meyers, Warren Shelley, Sponsors

Every other Thursday night, in room 216, the science club meets.

One of the most interesting experiments of the year was printing the negatives of photographs. The chemicals were paid for by the members.

Officers are Bob Fluke, president; Pat Jahns, vice-president; Evelyn Eisenrich, secretary; and Don Whiting, treasurer. Other members include Dorothy George, Jim Romaker and Gwen Evans.

The Service Club

Nellie Miner, Sponsor

Activities that enable the sixty members of the Service Club to earn twenty hours of service include: library work; hall duty; cafeteria service; March school party; office assistance; bulletin board displays (under the direction of Miss Sandhoff); care of nursery room during Parent Education meetings; handling milk in the cafeteria at noon; caring for lost and found articles; ushering at school activies; assisting in Red Cross drive and activities. The officers are president, Suzanne Kane; vice-president, Betty Meyer; secretary-treasurer, Beverly Arold; assistant secretary-treasurer; Nancy Campbell.

The chairman for the monitors was Ruth Ann Haist and the secretary was Betty Schroyer. The monitors have held a monitor meeting every other Friday for the past year. The active monitors were Ruth Ann Haist, Roland Trogan, Wesley R o r k, Betty Schroyer, Orma Ann Taylor, Nancy McCutcheon, Joyce Richards, Delorise Martin, Betty Ehlow, Peter Meloney, Pat Dengler, Joanne Catrain, Marjorie Campbell, Twila Mooney, Bonnie Simmet, Harold Avery, Charlotte Leddy.

Vocal Music Groups

Lillian Giere, Sponsor

Members of vocal music groups that meet other than during class time are chosen by tryouts, the membership being entirely voluntary. Each group has one noon practice a week. The main activity of the year is participating in the spring vocal concert.

If a member is absent from practice not more than three times, he receives a certificate of award at the end of the semester. An "S" pin is awarded to any member who contributes 20 hours of service.

The officers for the Eighth and Ninth Girls' Glee Club are as follows: president, Suzanne Kull; vice-president, Pauline Kull; secretary, Suzanne Kane; librarians, Barbara Risdon and Pat Jahns.

The rest of the twenty-five members include: Doris Zietz, Sally Mahoney, Catherine McBain, Loretta Schneider, Betty Boivin, Sally Ippel, Betty Ehlow, Joyce Lemmer, Barbara Chapman, Lorraine Avery, Lois Wagner, Laura Muirhead, Nancy McCutcheon, Judy Johnson, Joyce Richard, Joan Tessin, Beverly Rossa, Marlene Farley, and Rosemary Wood

Officers of the Seventh Grade Girls' Glee Club are president, Monai Martin; vice-president, Norma Buddle; secretary, Nancy Lee Haar; and Librarians, Marjorie Rae and Marilyn Bain.

Members of the Harmonettes include Sally Mahoney, Betty Ehlow, Loetta Schneider, Sue Schaubel, Suzanne Kane, Judy Johnson, Laura Muirhead. Joan Tessin, Joyce Richards, Pauline Kull, Barbara Risdon, and Suzanne Kull.

Christmas Program

This year's Christmas program, the "Christ Child", was presented by the elementary. The children gave the program four times, for the junior high, for P.T.A, and for a radio broadcast over WSAM and for the elementary.

The elementary choir, under the direction of Miss Bennett, sang Christmas songs. The remainder of the program was under the instruction of co-chairmen, Miss Arnold and Miss Shelley, who were assisted by Mrs. Burnett and Miss Guilford.

We of the Annual staff are grateful to Mr. Otto Meyers of the Science department for taking the snap shots in the Annual, enlarging and printing them.

1946 Circus

The King of School Shows celebrated its fifteenth birthday March 29-30 in grand style. Over 7,000 spectators jammed the gym to witness the seventeen act display of talent. In the spotlight as the show opened, the band played the following pieces: "National Emblem" by Bagley, "Victors" by Elbel, "Billboard" by Klohr, "Lassus Trombone" by Fillmore.

Rhythmic song and colorful costumes marked the gay opening spec, "Happy Days." South's Snappy Senoritas, H. Avery, C. Scholtz, J. Schnarr, D Stevens, T. Witbrodt, brought the opening spec to an unusal close. Mr. Guy turned the program over to Fred Ward, student master of ceremonies.

In royal dignity Queen Pat Beckert entered with her four attractive attendants, Elaine Sperry, Jakie Reichle, Mary Richir, and Mary Stevens.

The fastest act in the circus, the pyramid builders, was presented by the following boys: D. Martin, B. Schumacker, D. Anzieck, R. Lauckner, B. Meier, J. Martin, M. Meservy, J. McDonagh, P. Abler, D. Simon, S. Sheyer, D. Simon, S. Sheyer, A. Tilley, G. Frehling, L. Whiting, J. Foote, D. Cushway, H. Feit, A. Foor and D. Hoggard.

Unusually clever stunts were performed in the tumbling act by the following girls: Donna Mellon, Lois Miller, Jean Catrain, Virginia Holmes, Jeanne Ittner, Gloria Davies, Donna Dupree, Justine Swift, Betty Roe, Twila Mooney, Donna Feit, Marilyn Bain, Donna Lepsack, Frances Doerfner, Isabel Curtis, Betty Beutler, and Darlene Morningstar.

"Baby Sister Blues" was the number harmonized by the second hour girls: Lorraine Avery, Evelyn Boese, Betty Boivin, Mavis Burns, Betty Doran, Shirley Fox, Sally Mahoney, Verna Propp, Ann Remington, Beverly Roosa, Betty Rossman, Loretta Schneider, Lois Wagner, Kae Waskoviak, Doris Ziets, and Carol Hurst.

"Marie's Marvel Dogs", a group of professionally trained dogs, were adept and willing at their many tricks. A trained monkey gave zip to the act. In one scene a special ladder was used, a dog jumping from the top of the ladder into a blanket below.

To the fast-moving tunes of Brahm's "Hungarian Dance Number 5" the Red Rhythym Dancers, Gwen Evans and Ruth Paetz, did a novelty Russian dance.

It was "Tumbleweed Jamboree" when the fifth hour mixed vocal group performed a square dance. Those who swung their partners were J. Arndt, D. LeGarie, R. Crooks, D. Hunter, D. Keinath, Z. Austin, P. Whaley, E. Brooks, T. Rork, S. Schaubel, P. Jahns, N. Mc Cutcheon, B. Risdon, B. Ehlow, S. Ippel, R. Benthein, J. Richards, J. Brenner.

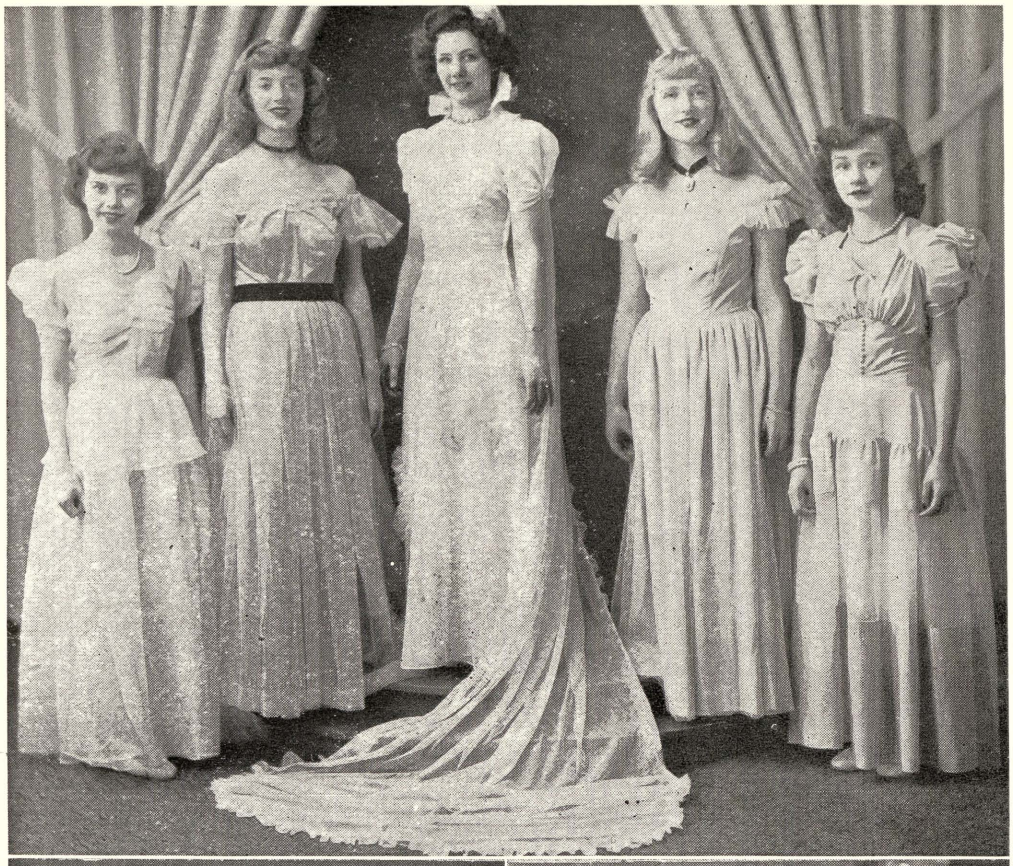
Sinatra never caused more swooning than Dick Hunter when he sang "Tumbling Tumbleweeds".

Those inimitable Magical Gretonos, B. Sands, J. Lake, and R. Trogan, proved again that the hand is quicker than the eye.

South's Swinging ladder girls did skillful spins, standouts, and toe hangs, using, for the first time, the precarious top bar of the ladder. Expert veteran performers were C. Tanner, B Meyer, and P. Jahns. Talented newcomers were N. Buddle, and C. Leddy.

The Otis Troupe thrilled the crowd with breathtaking acrobatics on the trampoline. Troupers were H. Jacobs, H. Ordway, D. Meier, S. Gulliver, B. Kraft, J. Schnarr, D. Stevens, F. Goodrow, B. Rooker, and T. Mooney.

Trapeze work by a professional, Diane Lovett, entertained during two acts, the last one bringing to a close our first peace time circus.



All School Play

Our All School Play, "Professor, How Could You?" a three act comedy written by Anne Coulter Martens was presented December 7, under the direction of A. L. Eynon.

In order to become dean, Keats Perry finds it necessary to marry. John Appleby, always willing to help, encourages many suitors, namely, Priscilla Morley, Tootsie Bean, and Valerie Whitman. Tootsie Bean is vigorously supported by her brother, Butcher Boy. Everybody is wooing Keats Perry except Vicky Randolph, a student in one of Professer Perry's classes. The music was provided by the school orchestra and was directed by Mrs. Shumate. Ruth Ann Haist and Janice Hackett served as prompters; Harold Avery and his assistant, Robert Christian, were the stage managers. Ruth Ann Buckingham and Betty Lou Hartle took care of the properties. The make-up was the job of Miss Zubler and Janice Hackett with Marilynne Berg and Elaine Nehls were responsible for the costumes. Suzanne Kane captained the ushers who included: Zene Austin, Bruce Young, Dale Malzahn, Gerald Wood, Betty Trippensee, Dolores Levi, Virginia Holmes, Betty Meyer, Rita Kimmel, Frances Doerfner, Betty Niederquill, Jane Totten, Carol Doering, Bonnie Hoefling.

9A Play

Our 9A play, "Spring Fever," is a comedy of youth in three acts, written by Ray Hodges and directed by Mr. A. L. Eynon.

The plot centers about Jacky Howard, a typical young man of seventeen. Since his fathers' death, Jacky and his young sister, Peggy, have been living with their Aunt Eulalie. It's a very hard struggle because the money that their father left is to be used only for their education.

At the present, Jacky is involved in his first romance. The object of his adoration is Spring Bellington, the belle of the town. Every week she has a new ideal. Jacky and his rivals find it rather difficult to keep up with her whims and fancies. This is especially true of Jacky who has invented a product that is bound to become a success, and make Jacky a millionare.

Peggy intends to finance her brothe'rs product by selling a hair tonic of her own make. A neighbor buys some and her hair starts falling out. Many other events occur which add to the Howard's troubles, but finally the tide turns and things happen to guarantee the family's future happiness.

The cast includes:

Mary Stevens
Lessie, the general help .....Sally Mahoney

Annual Vocal Concert

South's vocal department presented its Annual Spring Concert, Friday, April 26 in the school auditorium under the direction of Miss Giere. The program was divided into eleven groupings.

The Eighth and Ninth Grade Girls' Glee Club sang "The Green Cathedral" by Carl Hahn and "Will You Remember?" by Romberg Riegger. The Seventh Grade Girls' Glee Club sang Mendelson's "On Wings of Song." "Somewhere a Child Is Singing," an obbligato for the violin and flute was presented by Pat Dengler and Betty Niederquill.

An Old English Air, "Drink To Me Only With Thine Eyes," a Spanish song, "Charrada" and "I Hear The Bees A-Humming" by Tamecnik were presented by the Fifth Hour Elective Class. Betty Boivin, accompanied by Bill Haas, sang a solo, "Lullaby." This was followed by a piano solo, "Claire De Lune" played by Richard Crooks.

The Boy's Glee Club sang, "Passing By" and "El Rancho Grande". The Girls' Elective Class sang, "Legend," Beautiful Saviour," "The Metronome," and "The Bells of Saint Mary's." Accompanied by Ruth Ann Haist, Sally Mahoney sang "Beauteous Night, O Night of Love," by Oenffbach.

"The Donkey Serenade" was played in a piano duo by Ruth Ann Haist and Bill Haas. "It was A Lover and His Lass." "Which Is the Properest Day to Sing?" and "Out of the East She Came" were presented by the Junior Madrigal Singers. Finishing the program was the Mixed Chrous giving, "Deep River" and "Funiculi Funiculi" by Denya.

Betty Ann Trippensee, chairman, Frances Alewine, Marilyn Berg, Marilyn Feuerstein, Willametta Fritzler, Donna Grams, Lois Miller, Virginia Holmes, Nancy Huston, Rita Kimmel, Lou Ella Kingry, May Popp, Jane Totten served as ushers.

Instrumental Spring Concert

Under the direction of Mrs. Shumate, the instrumental classes completed the year with their annual spring concert, May 24.

Opening the program, a string ensemble featured "On Parade," by Woodrow, "Sobre Las Olas," by Rosas, "Jazz Pizzicato," by Anderson, "Dancing Dolls," by Seredy. A violin solo "Czardas," by Monti, was played by Patricia Dengler, accompanied by Mrs. William Dengler.

The second band featured "Eyes Front," by Rader, "Black Hawk," by Cumming. A trumpet trio consisting of Robert Klump, James Thery, David Holland, played "Trumpeters Three," by Johnson. "Roll of Honor," by King was then presented by the second band.

After intermission the beginning band presented "Activity March," "Military Escort," "Indian Boy," "Normal," all by Bennett.

With student directer Robert Klump directing, the concert band played, "The Thunderer" by Sousa. "E. Pluribus Unum," by Jewell "American Patrol", by Meacham, with Mrs. Shumate directing, was then presented. A saxophone solo, "Leibesfreud," by Fritz Kreisler, was the offering of Lowell Levi. The concluding band number was "Stars and Stripes," by Sousa.

Ushers included: Elaine Nehls, chairman, Frances Alewene, Zene Austin, Marlene Farley, Marilyn Feuerstein, Williametta Fritzler, Dale Malzahn, Marilyn Berg, Jane Totten, Gloria Temple, Kae Waskoviak, Sally Mahoney, Betty Rossman.

Volleyball

For eighteen years South's volleyball team has lost but one championship; this year we had to be content with co-championship honors. Central and Webber's teams proved easy games for the girls, but North offered tougher competition. However, the team pulled through with a tie October 14 at North. We took the first half 15 - 12 and fought hard for the second half which was very close, 21-19, North's favor. That was the only game that was even close besides the game with Webber played at home. The first game was an easy one for us, 15-2, but over confidence nearly lost the second contest when Webber had a twelve point lead and threw a scare into Miss Galley but the girls steadied and whipped through to a 17-15 victory.

Intramural Results

Every girl at South participates in the contests among homerooms. Games are played in volleyball, basketball, and softball. As we go to press, the final results of the softball games are not known.This is the way the volleyball came out:

First Place Winners: Ninth Grade, 9B 109, Captain, Pat Beckert. Eighth Grade, 8B 202, Captain, Lois Trinklein. Seventh Grade, 7B 207, Captain, Shirley Johnson.

Basketball honors went to the following: Ninth Grade, 9A 109, Captain, Carol Doering. Eighth Grade, 8A 203, Captain, Judy Brenner, Seventh Grade, 7A 200, Captain, Sue Bolger.

Joanne Smith and Nancy Campbell acted as team managers for the season.

Basketball

South's senior team won three out of the six games played in this season. While they did not take the championship, the boys played some good games, putting up a real fight every time. The juniors came up with three wins out of six games played.

Basketball Leagues

There were 60 seventh grade boys and 48 eighth grade boys in the basketball leagues. Each team played one night a week, after school. These leagues are used to develop new players for the eighth and ninth grade teams, respectively.

Intramural Soccer, Basketball

In the Intramural Soccer, the first places were taken by the 7B204's, the 8B205's, and the 9B209's. The 7B215's, 8B110's, and 9B109a's, took second place, and the 7B209a's, 8B202's and 9B203's took third place.

First places in the Intramural basketball games were taken by the 7A212's, the 8A110's, and the 9A106's. The 7A204's, 8A203's, and 9A216's stepped into second place, and the 7A207's, 8A202's, 9A109's and 9A110's tied for third place.

Soccer

In the 1945 season, South lost once to Central, and twice to Webber, and won one game from Central, and two from North, concluding the season with three wins and three losses.

* * *

The athletic department has benefited greatly this year by the services of Marvin Hill, who, while not being able to play on a team, has helped out in refereeing games, keeping score, and, in general, making himself useful in whatever ways he could.

City Track Meet

To determine those entering the city track meet, the school meet is run first. Ribbons are given for first, second, and third places. The contestants run the 50, 75, and 100-yard dashes, high-jump, and broad-jump.

As we go to press, the city track meet has not taken place. It is scheduled for May 23, weather permitting, at Arthur Hill.

Each boy enters one event, a total of 80 boys from each school. Medals are awarded for first and second places, ribbons for third.

The participants are divided into two groups, heavyweights and lightweights. Lightweight 12 year-olds are below 85 pounds; 13 and 14 year-old lightweights are below 95 and 105 pounds respectively. In the 15-16 year-old group, lightweights are below 115 pounds.

The girls are, of course, entered in the track meet too. They also are grouped according to age and weight.

As we go to press, the best racing time for the 50-yard dash is 6.4 made by Jackie Goodwin, Marjorie Beuthin, and Jo Catrain. In the 75-yard dash, 9.5 is tops which has been made by Alice Miller, Marjorie Campbell, and Sue Bolger. 12.8 is Jackie Goodwin's time in the 100-yard dash.

Seventh grader, Sue Bolger, jumped 14 feet 9 inches in the broad jump. High jumping honors go to Ginny Holmes and Mary Stevens who jumped 4 feet 2 inches and 4 feet 1 inch, respectively.

Red Cross

Every South School boy and girl contributed to the Junior Red Cross membership campaign which resulted in a total contribution of $520.01. The 9A203 led all the other homerooms with $37.30.

An assembly on November 5 opened the Junior Red Cross campaign; Harry Ordway acted as master of ceremonies. Two movies were shown; Miss Giere led in community singing. Bonnie Simmet spoke on "Needs of the Junior Red Cross", Betty Ehlow on "The Need for 100% Membership" and Win Case briefed the school procedure for the campaign.

Money was earned in many ways to support this worthy project. Home rooms sold candy, ice cream and baked goods in the halls; tickets were sold for the Red Cross Revue program and the Red Cross Charity Swing.

The Red Cross Revue program was presented on November 14 by junior high pupils. The program included piano solos by Doris Spear and Bill Haas; singing by the Boys' Glee Club and Harmonettes; a saxophone duet by Major Leckie and Lowell Levi. Roland Trogan, Bill Sands, and Jerry Lake entertained with magic acts; Robert Klump played a cornet solo. A tap dance by Norma Buddle was accompanied by Ruth Ann Haist.

The music for the Red Cross Charity Swing, on November 16, was provided by the Arthur Hill Dance Band. A contribution of 12 cents to the Red Cross was the admittance to the dance. Committee members of the dance included: Twila Mooney, Harry Ordway, Jackie Reichle, Win Case, Bill Nelson and Carol Doering with Jackie Reichle as general chairman.

This year nineteen Christmas boxes were filled for the Red Cross to be given to needy children in other countries. Win Case, Carol Doering, Jim List and Bonnie Simmet, the Junior Red Cross representatives, helped Mrs. Messner and Miss Sandhoff to pack and check the boxes. Articles included in the boxes were soap, notebooks, games, pencils, crayons and tooth brushes.

9A Banquet

The 9A class, their guests, and the faculty enjoyed a turkey dinner served in the girls' gym Monday, May 13. One of the highlights for the out-going class, this banquet climaxes three years of activity for junior high pupils. An annual affair, the meal is always prepared and served by the mothers of the 9A pupils. Arrangements were made by Mrs. Miner, class adviser, and Mrs. William Taylor, dinner chairman.

"Life Visits South School" was the theme for this year's program. Toastmaster (Editor-in-chief) Frank Leeson introduced Mary Stevens, Activities Reporter; Marvin Hill, Sports' Photographer, and Pauline Kull, Columnist, who briefed the year's happenings.

Superintendent of Saginaw Schools, Chester F. Miller, Arthur Hill's principal, I. M. Brock, Saginaw High's Stephen H. Lyttle, and Trade School's Floyd Allen spoke briefly as did Maurice M. Guy (Managing Editor). Other guests included Mrs. Miller, Mrs. Brock, Mrs. Lyttle, Mrs. Allen, and Mrs. Guy.

Music for the program included a cornet solo, "Lily Polka" by VanDer Cook, played by Bob Klump, a trombone solo, "Mariner" by Buchel played by Ruth Ann Haist.

Vocalist Sally Mahoney sang "Beauteous Night, O Night of Love" by Offenbach and the Ninth Grade Elective Vocal Class entertained with "Marianina", an Italian popular tune.

Miss Gay and Miss Holmquist were in charge of the toasts and Miss Giere and Mrs. Shumate were in charge of the music.

Dance music was furnished by the Arthur Hill Dance Band and games were enjoyed by those who did not care to dance.

9A Assembly

Reverend Hugh Townley of the Ames Methodist Church was the speaker at the annual 9A assembly held Tuesday, June 4. Guests of the 9A's were the eighth graders.

The class will and prophecy were presented in skit form. Miss Schoenow and Mr. Eyer were in charge of the will and Mrs. Davis and Mrs. Pankonin helped the pupils presenting the prophecy. Miss Giere and Mrs. Shumate were in charge of the music for the program which included a vocal solo by Dick Hunter and a cornet number by Bob Klump.

Although an award assembly is held the last day of school, it has been the tradition for many years to award gold honor pins at the 9A assembly; these pins were presented to those pupils who won an honor pin every semester from the seventh through the ninth grades.

Speed Demons

On the highway a speed limit is set and anyone exceeding it is considered a law breaker. But there is one place in South School where Speed is King and that spot is the typing room.

This year Ruth Ann Haist leads the pack with 56 words per minte. Trailing close behind is Elinor Crandell. Others in the race include Maryon Zorn, Dorothy George, Donna Grams, Sally Mahoney, Beverly Wade, and Doris Rogers.

U N R R A

As we go to press South is aiding the United Nations Relief and Rehabilitation Association by participating in a drive to collect tinned foods for the people of Europe. The collection starts Monday, May 13 and ends Friday, May 17. The Presidents' Council which is in charge of the project is urging every home room to attain 100% contribution. All fruits and vegetables, meat, fish, and milk are to be collected. Each group will bring their canned goods to their home rooms; later all the cans will be exhibited in the lower hall.

The 9A Class Will

We the 9A class of June 1946, do hereby bestow and bequeath the following gifts to the 9A class of 1947:

Pat Beckert leaves her throne to some lucky eighth grade girl.
Dick Burrows wills his fondness for hunting and fishing to any eighth grader who enjoys it.
Suzanne Kane wills her sweet nick-name, Candy, and her personality to the Cherry twins, Shirley and Beverly.
Frank Leeson wills his tires with the treads worn off to anyone who wants them.
Jane Totten wills her legs to Mr. Noble.
Beverly Wade leaves her typing ability to any lucky eighth grader.
Bonnie Hoefling sadly wills her picture of Perry Como to a drooling eighth grader.
Virginin Johnson gladly gives her algebra book back to Miss Gay.
John Lunden wills his bulging muscles to Dean Duff.
Betty Schroyer leaves her monitor post to a willing eighth grader.
Bob Staley wills his natural curly hair to Coach Noble.
Helen Heilborn leaves her "no seventh hours" record to Twila Mooney.
Polly Ann Korobko wills her love of horses to Leona Peters.
Dorothy Kramer leaves her "blue jeans" with the plaid patches in them to Sally Ippel.
Minnie Clauss leaves her bashful ways to Marilyn Bain.
Florence Baudaux wills her seat in English to June Farrell.
Marlene Farley leaves the mice in her locker to Dick Crooks.
Elaine Nehls wills her good marks to any lucky girl next year.
Elaine Phillips leaves her quiet ways to Donna Mason. Take them to Arthur Hill, Donna.
Elsie Whitmore wills her blond hair to Betty Jo Anderson.
Corrine Doran leaves her nicknames to Joanne Spindler.
Shirle Gulliver leaves his sport skills to Dick Armstrong.
Juanita Mier leaves her bubble gum to some eighth grader with energetic jaws.
Jacqueling Reichle wills her place as a cheerleader to any eighth grader with a strong voice.
Don Stevens wills his muscles to John Brooks. He needs them.
Jeanne Boertman wills her fourth chair in the flute section to June Farrell.
Patty Goodrow leaves her art ability to some calm and patient eighth grader.
Marvin Hill wills his basketball skill to some very lucky eighth grader.
Gwendolyn Evans leaves the Russian Dance to Ruth Paetz.
Ruth Ann Haist wills her piano playing to Roland Trogan.
Paul Baker leaves his monitor badge to Arthur Eback.
Richard Kingry wills his ability to paint score boards to Junior Wiggleworth.
Tom Rork leaves Barbara Risdon to Jack Arndt.
Russell Pumford leaves his flashy handwriting to Byron Hill.
Jack Doyle wills all his white excuses to Joe Rockwell.

The 9A Class Prophecy

The Saginaw News seems to be monopolized by former South School students. The only item that doesn't mention a familiar name is the date, June 3, 1956.

As I glance over the front page, I recognize the names of many old friends in the headlines. "Senator Zene Austin Holds Record for Filibustering," "Mayor Paul Senay, Involved in Scandal Reveals Leon Farrell as a Clever Lawyer," "Robert Goodwin, Succeeds Honest Dutch Schultz as County Drain Commissioner," "Missionaries, Jim Romaine and Wife, The Former Betty Rossman, Have Arrived in the Fiji Islands", "Charles Hahn Has Been Elected "Hubba Hubba Boy of the Girl Scout Troop 42," "Daniel McInnis, Money Making Tycoon is Considering Purchase of the Second National Bank Building-"

What is this item over here? "Daredevil Bill Richmond, stunt driver, suffers skull fracture."

Over on the editorial page there is an article called "Care of the Teeth" by Drs. Suzanne Kane and Robert McGee.

Sue Reavey, veterinarian of no little repute, offers advice in her article "Care of the Dog". There is also a discourse on "Care of the Potato Vitamin" by Gerry Wood who is a pharmacist. A helpful article on "The Relationship of the Pythagorean Theorem and Quadratic Equations" is given by Harold Avery.

This article on "How to Succeed" by Shirley Burr, Richard La Rue's private secretary, should be of interest to Royal Burnell, who's too bashful to get a job. Marilyn Ballantyne has eaten so many of Major Leckie's homade French fries, she's had to take Dick Youman's course, "How to reduce in 500 Easy Lessons".

Let's turn to the fashion page. We find a picture of Donna Kincade, famous model, in a creation designed by Patsy Baldaulf, entitled "The Shape". Shirley Stacey is pictured in a formal by Mae Popp and Donna Krause appears in a bathing suit created by Geraldine Smith.

Take a gander at "Who's Who" on the theatrical page. Janice Hackett has combined Hedda Hopper's and Walter Winchell's columns and illustrated them. Sonja Henie has been run out of business by Evelyn Boese, clever figure skater. I see that Beck and Baldauf's Circus is coming to town. Those two are our old friends, Charles and Harold. Edward Clairmont is a midget in the side show and Fred Ward is ringmaster.

We can always stay at home and listen to the radio. "The Hit Parade", starring Dick Hunter, is on tonight. Lois Schmidt, one of the few lady tobacco auctioneers, can also be heard on the program. For something more educational we could listen to Richard Gallery, who is managing the quiz kids. Then, too, there is "Cracked-Up-Curtis" (Hazel, that is) the Judy Canova of '56. Her program is sponsored by Arthur Wintersteins's Electrical Appliances and Ken Pol's Fixit Shops. Irene Browning is W.S.A.M.'s star radio announcer.

On the way to the sport page, we pass the "Believe It Or Not" column, where we recognize our Betty Weaver. The Tigers are sure to win the pennant this year with Loren Deitrich and Jack Leaman on the team. Frederick Heinz is the new world champion wrestler.

SIXTH GRADE, ROOM 262

This was an interesting year for Miss Bennett's room 262.

We have studied China, India, and South America and we are now studying Europe.

We have read about the knights in the Middle Ages and the ways of the Indian people. Did you know that the Indian holy men lie on spikes because it is part of their religion and that people from all over India come to bathe in the Ganges river because it is their holy river

In arithmetic we have learned to add, subtract, multiply and divide fractions and decimals.

We studied the body, foods, planets, and the stars for science.

This year we learned a new kind of drawing called broadside drawing. It is done with the side of the crayon. We have made many nice pictures and also a frieze.

FIFTH and SIXTH GRADES, ROOM 256

The fifth and sixth grade have been doing many interesting things this year. While studying Mexico, the fifth grade made a Mexican village out of clothespins and boxes.

At this time the sixth grade made a frieze on South America. They also studied Europe and Asia.

The fifth grade studied many countries: Alaska, Central America, Canada, and the United States.

In art both grades learned how to broadside draw.

The sixth grade learned fractions and decimals in dividing, subtracting, adding and multiplying.

The fifth grade learned how to divide by two and three numbers, and learned how to multiply by three and four numbers.

FOURTH and FIFTH GRADES, ROOM 260

Of all the places we studied we think the most interesting are Alaska and Mexico in the fifth grade, and Switzerland and the Congo Region in the fourth.

Our room took first place in giving the Red Cross talks and second in the bond talks.

We worked together in making a newspaper which we named the "What's What".

Every Friday we have had Poetry Club where we read poems we either write or find in books.

Other things we have enjoyed especially were learning to make broadside drawings and writing good expressions in our stories.

FOURTH GRADE, ROOM 254

So far in social studies we have studied the Belgian Congo, Baffin Island, Arabia, Switzerland and the Netherlands. While studying Belgian Congo we made a native village. We made friezes for Baffin Island and Switzerland.

Of our science units we liked the studies of the moon and air best. We carried out different experiments with air pressure.

We learned to sing many songs by syllables this year and also had to figure out the time of the songs.

THIRD GRADE, ROOM 258

At the beginning of the year we studied transportation. We made a mural.

We studied Indians later. We made Indian villages. We made Indian pottery and we painted Indian rain rattles.

Then we stuided pioneers and early Saginaw. We read about famous pioneers.

We studied the sun, moon and stars. Then we studied insects.

We studied electricity and made a bell ring. We studied steam. We worked out a steam experiment.

We gave reports on spring and winter birds.

SECOND and THIRD GRADE, ROOM 162

We studied about trains. Both Second and Third helped make the train. There were ten cars

We visited the dairy. Second Grade made a store and we bought things with play money.

Third made a tepee and Indian implements. We also studied Pioneers and made candles and soap. We watched Mrs. Kennedy spin.

Second Grade studied the Post office and visited the Post Office. They also made bread and butter and studied yeast, bacteria, and molds. We studied airplanes, also.

SECOND GRADE, ROOM 158

We visited Mr. Bartley's Bakery and he made cookies especially for us. We studied about snakes, turtles, and other reptiles. We learned about traffic, police, safety, the fire department, and the different businesses on a city street. Many letters and stories were written and enjoyed by the group.

FIRST GRADE, ROOM 152

We have learned to do many new things this year. Now we can read and write and spell. We learned all about the farm. Then we studied the home and made furniture from boxes. We wove rugs from rags. Now we are learing how people travel.

FIRST GRADE, ROOM 160

This year we learned to do many things. We learned how to read books, to write stories and to spell words.

We studied pets. We made little books. We studied our community helpers and made a big book with stories of the helpers. We made spatter prints and studied how the world gets ready for winter.

SIS Snooper

Woman hating week is over
Love prospects are bright as the cliffs of Dover.
Romance has settled to its normal state
Everyone but me seems to have a date.
Now here are some things I've heard about
So don't give me credit for thinking them out.
(I'm just putting it in ryhme
It's one way to while the time.)
The love bug's been busy as you'll see
By looking at McCutcheon and McGee.
"Age makes no difference" is Cupid's slogan
When it comes to Ruth Ann Haist and Roland Trogan.
A once-lonesome pair now stroll Lover's Lane;
Gale Vorce and "Candy Kane."
Another pair of hearts has been set afire
That of Bill Farrell and Doris Meyer.
Now here's a cute little couple;
Pete Young and Jean Stoffel.
Too bad that Joanne Raider, for the school's sake,
Couldn't find someone besides Jackson's Bob Drake.
Cupid shows that he has wisdom.
By pairing off Jack Arndt and Barbara Risdon.
But here's a triangle that's not doing too well,
Bob Christians, Bonnie Simmet, and Danny Schnell.
To this couple we wish the luck of a four leaf clover;
Jerry Lake and Nancy Schoonover.
Some romances look sillier and sillier
But not that of Bill Ewald and Ruth Hillyer.
Would you like to hear a pretty sym-"phoney?"
It's Frank Leeson and Miss Mahoney.
